Voice of the Trumpet now shipping

December 1, 2018

As always, readers and customers are heartily thanked for their patience in awaiting the release of Dr. White's *Voice of the Trumpet.* We are happy to report that the book stock is now safely ensconced in our warehouse and going in the mail as we speak. Future orders will be filled immediately rather than placed in a back-order status. We look forward to – and thank readers in advance for – their help giving the doctor's work a wide publicity and circulation!
