

Dr. White on Dickens in Broadstairs

October 25, 2014

Many followers of Bishop Williamson's and Dr. White's work who were unable to attend the latter's lectures on Dickens in England on August 2-3, 2014, have asked about purchasing recordings of the conferences. As part of the launch of the Bishop's new site, Dr. White's lectures have also been made available. Each of his three talks is available separately, but those interested in the full set can get them [here](#) for immediate downloading, or by mail in audio CD or cassette format. The set is discounted, so customers save 10 or 20 percent off the cost of purchasing each talk individually. Each of these informative and entertaining conferences begins with one of the doctor's "Bishop Williamson limericks." Don't miss them!
