

Vigano on the “GREAT RESET”

October 9, 2021

It is surely providential that the official Catholic Church has no more work to require from its former nuncio in the USA until a few years ago, Archbishop Carlo-Maria Viganò. This leaves him free to do what every high-up churchman should be doing, namely protecting the Catholic flock and in fact all mankind that wants to hear the truth, the whole truth and nothing but the truth, and in depth, on how Church and world are presently being ruled, or rather misruled, because they have turned their backs on God. Another of his splendid declarations from the end of August this year is heavily summarised here below –

The “Great Reset” is a criminal plan, a colossal deception based on lies and fraud, conceived tens of years ago and aimed at establishing a universal dictatorship in which a minority of immeasurably rich and powerful people intend to enslave and subjugate all mankind to their globalist ideology. The United States of Europe, uncontrolled immigration, the renunciation of national sovereignty, the control of citizens under the pretext of a “pandemic,” and the reduction of the world’s population through the use of vaccines with new technologies are not recent inventions, but the result of a planned, organized and coordinated action, perfectly adhering to a single script under a single direction.

We must face up to the criminal mentality of the authors of this plan. What has been happening for a year and a half had been widely announced, down to the smallest detail, by the creators of the Great Reset themselves. In 1991, David Rockefeller wrote: “We are on the verge of a global transformation. All we need is the ‘right’ global crisis and the nations will accept the New World Order.” Today we can affirm that this “right crisis” coincides with the Covid emergency and with the “lock-step” outlined since 2010 by the

Rockefeller Foundation document, "Scenarios for the Future of Technology and International Development," in which the events we are now witnessing are all anticipated. This criminal enterprise to enslave all mankind is being run less by the public governments of States than by their secret puppet-masters, the "Deep State," disguised and hidden within those public governments, but forming the real government of the nations.

Catholics must also face up to the parallel fact of their official Church being similarly governed in reality by a "Deep Church," hidden within the public Church, from within which fallen churchmen lend crucial support to the "Deep State" by spiritually corrupting souls. Here is the full dimension, the real sense of the Covid-nonsense, its non-stop lies and its deliberate tyranny. **It is just the latest episode in the war between Satan and God, now approaching its conclusion at the end of the world.** Here is why the forces of darkness are so wild at present, so impatient to cancel the name of Our Lord from the earth, to not only destroy his tangible presence in our cities by tearing down churches but also by cancelling Christian civilization and debasing its worship. In fact the "Deep Church" is subordinate to the "Deep State," and Pope Bergoglio is a precious collaborator of the globalists, by liquidating the true Catholic Church to replace it with a philanthropic and ecumenical sect of Masonic inspiration that is meant to constitute the Universal Religion in support of the New Order – hence the Newchurch.

In this cosmic war there is the side of God and the side of Satan. It is not possible to come to terms with the enemies of God, nor is it possible to serve two masters. Christ must reign, and He will reign. Where He reigns is peace and harmony. Where Satan reigns is hatred and tyranny.
